Round table Introductions

Officers Reports – sort of skipped with all the lively round table introductions.

50-50 Raffle - Pam Dallaire volunteered to sell tickets. Did an outstanding job!!!

Old/New Business

*****Ken Stone** talked about the current state of the club. He described the need and importance for all to read the e-mail blast sent out to all club members. An emphasis was for everyone to get involved, volunteer and do something for the club. Help to lighten the load for the few members doing the bulk of all the club work. It is not long term healthy for a club to rely on only a few people to have the knowledge and involvement to run the club. Please read the e-mail blast and take action.

*****Mike Dallaire** - BLW Update. Talked about licenses, permits, insurance, food trucks, porta potties, field layouts and all current status going on in preparation for the event.

Mike had received the flyers he designed and had printed and the fold up display folders to be distributed at various spots to promote the event. He asked everyone to take some and display them in various locations, and to keep them replenished. Also ask the shop or store to sponsor us.

*****Bill Scott** gave a brief status report on actual cash received for sponsorship and sponsorship that are confirmed (no cash yet) but promised. At this point in time, we are about equal to our finish last year, so I think we will meet the needs of the raising event cost.

Upcoming Events -
